- D039 - Tetrachloroethylene

Hazardous wastes from non-specific sources (40 CFR 261.31).

F001 - Spent halogenated solvents used in degreasing: **Tetrachloroethylene**, **trichloroethylene**, methylene chloride, 1,1,1-trichloroethane, carbon tetrachloride, and chlorinated fluorocarbons, all spent solvent mixtures/blends used in degreasing containing, before use, a total of ten percent or more of one or more of the above non-halogenated solvents or those solvents listed in F001, F002, and F003; **Tetrachloroethylene**, methylene chloride, **trichloroethylene**, 1,1,1-trichloroethane, **chlorobenzene**, 1,1,2-trichloro-1,2,2-trifluoroethane, *ortho*-dichlorobenzene, trichlorofluoromethane, and 1,1,2-trichloro-ethane; all spent solvent mixtures/blends containing, before use, one or more of the above non-halogenated solvents or those solvents listed in F001, F002, and F003; **Toluene**, methyl ethyl ketone, carbon disulfide, isobutanol, pyridine, **benzene**, 2-ethoxyethanol, and 2-nitropropane; all spent solvent mixtures/blends containing, before use, a total of ten percent or more (by volume) of one or more of the above **Bold** - Chemicals of Concern

Quantity (Lbs.) - If the quantity was provided in gallons, it was multiplied by a provided density to yield a quantity in pounds. If the unit of measure (pounds and/or gallons) was not provided, the quantity in pounds will reflect a 'NP'. If the density was not provided for quantities in gallons, the

Chemicals of Concern: Chlorobenzene, p-chloroaniline, benzene, 1,4-dichlorobenzene, vinyl chloride, arsenic, trichloroethene, tetrachloroethane, cis-1,2-dichloroethene, 1,2-chloroethane, 2,4,6-trichlorophenol, nitrobenzene, 2,4-D2, 4-dichlorophenol

Hazardous wastes from non-specific sources (40 CFR 261.31):

F001 - Spent halogenated solvents used in degreasing: **Tetrachloroethylene**, **trichloroethylene**, methylene chloride, 1,1,1-trichloroethane, carbon tetrachloride, and chlorinated fluorocarbons, all spent solvent mixtures/blends used in degreasing containing, before use, a total of ten percent or more (by volume) of one or more of the above halogenated solvents or those solvents listed in F002, F004, and F005; and still bottoms from the recovery of these spent solvents and spent solvent mixtures.

F002 - Spent halogenated solvents: **Tetrachloroethylene**, methylene chloride, **trichloroethylene**, 1,1,1-trichloroethane, **chlorobenzene**, 1,1,2-trichloro-1,2,2-trifluoroethane, ortho-dichlorobenzene, trichlorofluoromethane, and 1,1,2-trichloro-ethane; all spent solvent mixtures/blends containing, before use, a total of ten percent or more (by volume) of one or more of the above halogenated solvents or those listed in F001, F004, or F005; and still bottoms from the recovery of these spent solvents and spent solvent mixtures.

F003 - Spent non-halogenated solvents: Xylene, acetone, ethyl acetate, ethyl benzene, ethyl ether, methyl isobutyl ketone, n-butyl alcohol, cyclohexanone, and spent non-halogenated solvents; and all spent solvent mixtures/blends containing, before use, one or more of the above non-halogenated solvents, and, a total of ten percent or more (by volume) of one or more of those solvents listed in F001, F002, F004, and F005; and still bottoms from the recovery of these spent solvents and spent solvent mixtures.

F004 - Spent non-halogenated solvents: Cresols and cresylic acid, and **nitrobenzene**; all spent solvent mixtures/blends containing, before use, a total of ten percent or more (by volume) of one or more of the above non-halogenated solvents or those solvents listed in F001, F002, and F005; and still bottoms from the recovery of these spent solvents and spent solvent mixtures.

F005 - Spent non-halogenated solvents: Toluene, methyl ethyl ketone, carbond disulfide, isobutanol, pyridine, **benzene**, 2-ethoxyethanol, and 2-nitropropane; all spent solvent mixtures/blends containing, before use, a total of ten percent or more (by volume) of one or more of the above non-halogenated solvents or those solvents listed in F001, F002, or F004; and still bottoms from the recovery of these spent solvents and spent solvent mixtures.
